Our Salute to America. . .

WheelChair Carrier takes pride in introducing our new line of patriotic electric lifts designed to salute all those who have served our country, fought to endure our freedom, and those who would like to show their support for America. We dedicate this carrier in honor of your patriotism. May God Bless America!

Our patriotic electric carrier comes in both *power chair* and *scooter* platforms. Loading and unloading is a breeze from either side of the platform. Our electric carriers are fully powered. Just press the button and the lift does all the work! Our motors now include a key switch. Also includes 2 retractable ratchets for securing the chair and one wire harness. Additional ratchets (sold separately) for power chairs are suggested. Class 2 or Class 3 adapters available. Swing Away option for easy rear access is also available for any electric lift.
